Mr. John A. McCone  
Director  
Central Intelligence Agency  
Langley, Virginia

Dear Mr. McCone:

STATINTL

On behalf of the Staff and Faculty of the U. S. Army Intelligence School, I am pleased to express my appreciation for another highly effective presentation at Fort Holabird, on 18 February 1964, by [REDACTED] to personnel attending the current Senior Foreign Officer Intelligence Course.

STATINTL

This was a most enlightening presentation by an economic analyst who obviously knows his field. [REDACTED] discussion of the Soviet economy and of methods of acquiring economic data from a closed society was a thought-provoking complement to our academic program for this Senior Foreign Officer Class.

STATINTL

Thank you for again making [REDACTED] available to us as a speaker and please convey to him the appreciation of the Staff and Faculty.

Sincerely,

MATTHEW C. STEWART  
Colonel, AIS  
Assistant Commandant
